Washington Integrated Services Enhancement for Children with Special Needs

Our Vision

“One statewide, comprehensive, integrated system that meets the unique and evolving challenges of children with special needs and their families in Washington State”

WHAT: develop statewide recommendations for service system improvements, which include:

- Common application
- Blended or integrated funding
- Care Coordination
- Integrated or linked data systems

HOW:

- Involvement of key stakeholders
- Sub-committees focused work on each goal
- Pilot sites develop and evaluate new strategies for statewide system improvement
- Parent involvement at every level

NEXT STEPS:

- System assessment of publicly funded agencies serving CSHCN
- Identify successful Pilot site strategies
- Write and publish a Briefing document for leadership
- Develop and implement a Social Marketing strategy
- Celebrate
